

Mobile!

Mobile coupons are here from your friends at GoPlaySave (formerly Citipass). Our members will have the option of purchasing our traditional paper book, or a mobile book where coupons are redeemed from their smartphones. When a mobile coupon is redeemed, it is gone from their account just as if it had been torn from a book. You can track mobile coupon redemptions by logging into your GoPlaySave merchant account.

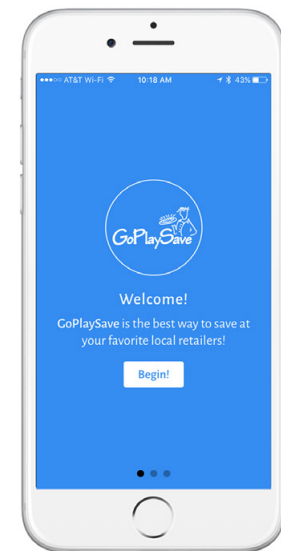

If you have any questions at all, please let us know.

How to redeem your customers' mobile offers

How to redeem GoPlaySave offers

FAQs

The images above show you how to redeem presented offers

- 1 This customer has NOT PURCHASED the subscription or has NOT LOGGED IN. Customers must log in to a paid subscription to redeem offers.
- 2 Customers preview your offers then choose by showing you the offer.
- 3 Have the customer click the “Redeem Offer” button.
- 4 Have either your staff or the customer click “Confirm.”
- 5 This is the screen you want your team to see! If you get this confirmation message, then the offer has been redeemed and the customer cannot access it again.

Does everyone have access to mobile coupons?

No. Only individuals who have purchased a subscription.

How can I verify coupon redemption?

Log on to our website (your login and password will be emailed to you) where you can verify redemptions.

What about customers who don't buy the mobile book?

They can still find you with the “around me” feature and view your offers.
